

## Product Designed to Install Faster. Perform Better.

OWA ceiling systems are manufactured with quality-grade virgin wool technology, delivering a smooth, durable finish that is easy-to-install and drastically reduces project punch list items. Accelerate project timelines and maximize efficiency with a product that performs better.

# Maximize Productivity with Globally Innovative Ceiling Solutions.

# OWA

## Accelerate project timelines and drastically reduce shutdown times.

- Achieve consistent cuts with complete mineral fiber product line
- Reduce labor costs versus traditional mineral fiber offerings with lightweight, easy-to-install ceiling tiles:
  - Up to one pound lighter per tile
  - 5/8" board generates up to 17% material savings for optimal performance
- Wool fiber composition offers crisp, consistent, comfortable installation compared to fiberglass offerings
- Gray substrate allows for fast, easy painting and finishing
